AIR LIQUIDE, THE WORLD LEADER IN GASES, TECHNOLOGY AND SERVICES

Doc  
Title

# 2016 Results

- 35 students from 21 countries

- More than 90% want to do an internship for Air Liquide now!
- 100% of the students would recommend the program to their friends

# Former participants' testimonies

I spent a really good time in Paris ! Thank you for giving me this opportunity of meeting and making new friends, and getting to know the core of Air Liquide and how it works.

Andrew, from US (2016)

I would like to thank you for organising the Summer School and giving me an opportunity of a lifetime to get to know Air Liquide, meet new people and explore Paris.

Rohan, from India (2015)

I had an amazing time with Summer School, it's a great project and I hope you can continue with it for many years!

Christelle, from Brazil (2015)

It was one of the best weeks during my whole life. It really interesting to understand how works a big company as Air Liquide with presentation; visits and spare time.

Zeinab, from Egypt (2016)

# What is in it for you?

- The opportunity to gain invaluable insight into the day to day business and challenges of Air Liquide's diverse operations
- Meeting and working along with about 30 international students from all over the world
- Discovering Paris, the city of lights, and embracing the French culture
- The experience of a lifetime!
