

AIR LIQUIDE INDONESIA MOBILE PHONE POLICY

Air Liquide Indonesia is committed to control mobile phone usage and manage the the following risks:

- Ignition by mobile phones in potentially flammable / explosive atmospheres
 - Usage of Mobile Phone is PROHIBITED
- Interference with electronic devices
 - Switch the phone off in the absence of information or if in doubt
 - Use only devices designed and validated as compatible with other electronic devices.
- While driving
 - Driver shall not use Mobile Phone During Driving except for Delivery Driver in a vehicle that has been equipped with special equipment approved by the company.
 - Before driving, the Mobile Phone to be switched off or left on only to be aware that someone is trying to reach him/her.
 - The driver shall park safely if he / she wants to make a call and has to limit the time of call.
- Health

In ALINDO facilities, projects and activities and applies to ALINDO Employees, Contractors and Visitors during working and commuting time. Mobile Phones shall not be used in all areas except in the area where there is a sign that allows it. The areas that allow mobile phone use are determined by the Facility Manager. But Mobile Phone is allowed used in administration office

These are the commitments that we take in the frame of our Management System in the spirit of continuous improvement. The policy is maintained as documented information and communicated within the organization, being available to relevant interested parties, as appropriate. We commit to contribute to a better future in Indonesia, for our employees, our customers and our shareholders, for today as well as for our future generation.
