

AIR LIQUIDE INDONESIA LIFE SAVING RULES POLICY

Air Liquide Indonesia is committed to implement 12 Life Saving Rules. Details of the Air Liquide Life Saving Rules are as follows :

1. I do not work under the influence of drugs and / or alcohol.
2. I do not smoke outside designated smoking areas.
3. I wear the Personal Protective Equipment required for the job.
4. I never enter a confined space without authorization.
5. I wear an ambient gas detector when required.
6. I work with a valid safe work permit.
7. I apply isolation procedures before working on potentially energized systems.
8. I do not bypass EIS requirements without authorization.
9. I wear fall-prevention equipment when required.
10. I do not walk under suspended loads.
11. I secure the load on vehicles.
12. I always wear a seatbelt when I am in a moving vehicle.

The Life Saving Rules are applicable to individuals carrying out activities for and on behalf of Air Liquide Indonesia (ALINDO)

These are the commitments that we take in the frame of our Management System in the spirit of continuous improvement. The policy is maintained as documented information and communicated within the organization, being available to relevant interested parties, as appropriate. We commit to contribute to a better future in Indonesia, for our employees, our customers and our shareholders, for today as well as for our future generation.
