INFORMATION

- By signing this SEPA direct debit mandate, you agree to an automated payment method that can only be used to automatically debit the exact amount to pay for your purchases of securities in euros. It is especially suitable for recurring payments. It eliminates the need to send a payment order at the time of each payment or due date of recurring transactions.
- AIR LIQUIDE is responsible for retaining the mandate and the physical preparation of direct debits by indicating, among other information, your account number. It is up to the shareholder to communicate, by any means, any change in your account information so that it can be updated. This constitutes an amendment to the mandate, and there is no new mandate to be signed.
